INVITATION TO THE 36TH NORDIC NEUROPEDIATRIC CONGRESS

We have a great pleasure to welcome all professionals working in the field of pediatric neurology and neonatology to the 36th Nordic Neuropediatric Congress in Helsinki, Finland on **25th – 27th August, 2016**.

The main topics of the meeting cover some of the latest advances in neonatal neurology. The **clinical aspects of neurological examination, seizure management, imaging and monitoring newborn brain of preterm and term infants** will be discussed. The effects of **genetic and perinatal factors on brain development** as well as the **developmental process of brain network** are covered by two sessions.

Invited speakers include e.g. professors **Linda de Vries** (University of Utrecht), **Lena Hellström-Westas** (Uppsala University), **Marianne Thoresen** (University of Bristol), **Juha Kere** (Karolinska Institutet), **Martin Engvall** (Karolinska Institutet) and **Rolf Zetterström** (Karolinska Institutet), **Leena Haataja** (Helsinki University Hospital) and **Sampsa Vanhatalo** (Helsinki University Hospital).

The present screening practices of neurometabolic disorders in Nordic countries will be compared in order to facilitate the exchange of information and learning from each another.

All participants from different fields of neuropediatrics and neonatology are encouraged to present free papers and **send an abstract** by e-mail to info@congcreator.com **by 8 April 2016**.

The congress venue is [Congress Paasitorni](#) and we have pre-booked accommodation at the [hotel Scandic Paasi](#).

Let's make together a memorable meeting with high scientific quality combined with a relaxing get together including a boat tour and dinner in Helsinki archipelago.

More information is available on www.nnps2016.org

We look forward to meeting you in the 36th Nordic Neuropediatric Congress!

On behalf of the organizing committee
Leena Haataja
Professor, Congress Chair
