

The Nordic Neuropaediatric Society
NNPS 38th meeting, Stockholm
Meeting postponed

Dear all,

Due to the current situation with the outbreak of COVID-19 we cannot see that it will be possible to hold the NNPS conference as planned in May this year as planned. Instead, we all need to focus on providing the best possible health care for our patients and families in these difficult times.

As we anticipate many conferences to be postponed to the second half of 2020 we have decided to set a new date for the 38th NNPS conference to tentatively March 2021. The new dates for the conference and training course will be announced as soon as possible.

Registrations for the training course and conference will remain valid and all registered persons will receive information about this. Should you prefer to cancel your registration; the registration fee will be refunded minus an administrative fee of SEK 750 in accordance with the conditions of registration. All information for the training course and NNPS meeting is still available on the conference website <https://www.nnps2020.se/> which is continuously updated.

We hope to see you all in Stockholm in 2021 instead.
